Pre-existing conditions are medical conditions for which one or more symptoms have appeared at some point during your or your dependants' lifetime. This applies regardless of whether you or your dependants sought any medical advice or treatment. We will consider any medical condition to be pre-existing if we can determine that you or your dependants would have known about it. Your policy will cover pre-existing conditions unless we tell you otherwise in writing.

Any medical conditions that arise between the date you completed the Application Form and the later of the following we will also treat as pre-existing:

- the date we issue your Insurance Certificate, or
- the start date of your policy.

Please note that you/your dependants must provide any further information that we might request. Full and accurate completion of this Application Form and disclosure of all relevant information is a requirement for cover. You need to disclose all material facts likely to influence our assessment and acceptance of this application. Failure to do so will invalidate the policy. If there is any doubt as to whether a fact is relevant, then it must be disclosed. If any pre-existing medical conditions are not disclosed, they will not be covered.

## 7 Your health
